

Shadow-II is an Up Light, with an essential and complementary shape, plus an LED source. Optical unit with convex extra clear glass lens, this for smoothing the light beam. Aluminum lacquered cases with high-resistance varnish, colors are available in an extra matte finish, perfect for all contemporary living spaces. Shadow-II is extremely minimal if used on its own, but it can become extremely spectacular if combined in multiple compositions, playing with the various available shapes. Fastening is not limited to a pre-set point, but it can change according to the installer's needs.

## Description

**Housing** - 304 Stainless Steel Cover & Body, PC Plastic Box

**Diffuser** - Clear tempered glass

**Reflector** - Aluminium Reflector

**Color Available** - Silver

**Lifespan** - >30,000 Hours (L90 B10)

**Voltage** - 24V

**Working Temperature** - 3000K  $\pm$ 150K >80

**IP Rating** - 67
