

Round luminaire for installation in-ground-recessed ceiling recessed, ceiling suspended. Die-cast aluminum structure and heat sink. 316L high corrosion stainless steel outer frame. Glass diffuser: transparent with silkscreen border. Double layer coating for high resistance to corrosion: the aluminum components are painted with a double coat using powders which are compliant with QUALICOAT standards: a first layer of epoxy powder (with excellent chemical and mechanical resistance) and a second finishing layer of polyester powder (resistant to UV rays and atmospheric agents). The entire painting process of the aluminum fitting starts from components which have been sandblasted in advance to make the surface more porous and increase the adherence of the paint.

Description

Housing - Made of high corrosion die cast aluminum with high corrosion stainless steel 316 trim cover. sealed with silicon gasket rubber.

Diffuser - Tempered Glass

Reflector - PMMA Optical Lens

Color Available - SS 316

Lifespan - >50,000 Hours (L90 B10)

Voltage - 220~240V

Working Temperature - -20C° ~ +65C°

Accessories - Stainless Steel chain for hanging, ceiling recessed clips, ground recessed PVC Box, honeycomb, front glass for flood beam

Adjustable - Yes

IP Rating - 67

IK - 10
